technology for living

THE ORGANIZATION:

Technology For Living (TFL) is a non-profit social purpose organization that has served people with disabilities in British Columbia for the past 50 years. Our primary purpose is to help people with disabilities live independently at home by providing, installing, and servicing assistive technology and home automation for people living with physical disabilities. We do this through the offerings of three member-centered programs: 1. Technology for Independent Living (TIL), 2. Provincial Respiratory Outreach Program (PROP), and 3. Peer Support Program.

THE POSITION:

In accordance with the CSRT (Canadian Society of Respiratory Therapists), the BCSRT and the PROP (Provincial Respiratory Outreach Program) standards of practice and clinical practice guidelines, the Respiratory Therapist is responsible for assessing Technology for Living members and providing clinical respiratory support and equipment to individuals with neuromuscular disease in order to facilitate healthy, independent lives in the community.

While this position is an outreach clinician role and in service to our members and the community of BC, it also requires the individual to work collaboratively with other staff in organizational development and support roles.

The RTs at Technology for Living work in collaboration with the other program staff and professionals within the organization.

This role requires travel outside of the Lower Mainland. At times, overnight stays will be required.

REQUIRED SKILLS & COMPETENCIES:

- Graduate from an approved Respiratory Therapy program, Canadian Society of Respiratory Therapists (CSRT) certification.
- Current Cardiac life Support, Level C Certificate
- Eligible for registered membership with the British Columbia Society of Respiratory Therapists (BCSRT).
- Awareness of current best practice guidelines and maintain competency to provide member's/family the knowledge to make decisions based on up-to-date knowledge.
- Minimum of 1-year Acute Care as a qualified RRT experience is an asset.
- Experience in long term ventilation is an asset.
- Additional education with a focus on health management, policy writing, statistics and bioethics is an asset
- Teaching and facilitation experience is an asset.
- Working knowledge of computer application programs, including Microsoft office (Excel, Word, Databases (Access)).
- Demonstrates confident and solid verbal and written communication skills in the English language.
- Strong interpersonal skills: ability to interact/communicate effectively with co-workers, members, caregivers, and other professionals in a respectful, courteous, and empathetic manner.
